

Why does Illinois Need IASPA?

“Illinois needs IASPA because there is great strength in numbers in terms of helping and learning from others, sharing experiences, and extending influence at the state and national levels. This is an exciting time for Illinois human resource professionals.”

*-Laura Blair Bertani, HR
Director, New Trier Township
High School District 203*

“Recruiting, hiring, and managing the human capital in our school districts are monumental tasks. The formation of IASPA will provide HR/Personnel administrators access to a huge network of experienced professionals.”

*-Greg E. Dietz, Assistant
Superintendent for General
Administration, Maine
Township High School
District 207*

The IASPA Mission:

***To connect human
resource leaders
committed to recruit,
retain, and develop a
highly qualified,
professional staff.***

Connect with your Professional Colleagues

IASPA is a network of Illinois personnel and human resources professionals who make a difference for their districts, schools, staff, and students. We acknowledge the value of coming together and learning from one another. Additionally, we seek to link districts from all parts of Illinois. From the North Shore to our Southernmost Districts, IASPA is an important resource for you and your district.

Affiliated with AASPA

IASPA is part of a larger family of educational human resource professionals; it is an affiliate of the American Association of School Personnel Administrators.

School Personnel
Administrators!***

Charter Members' Thoughts About IASPA:

"IASPA will be able to provide greater opportunities for professional development that meet the unique needs of Illinois' personnel administrators. Having been an AASPA member for over ten (10) years, I know that IASPA will be the missing link: ongoing local and state-level networking."

-Mark Heckmon, Assistant
Superintendent for HR, Special
Education District of Lake County

"Networking and sharing experiences strengthens the role of the school personnel administrator. IASPA provides a unique opportunity to learn and grow in this specific area of school administration."

-Margaret Eskey, Ed.D., Executive
Director of HR, Lake Park High
School District 108

"IASPA provides the opportunity for connecting every Illinois school district. It's a vehicle for identifying common issues, sharing processes, and developing best practices in school human resources."

-Bill Shields, Ed.D., Assistant
Superintendent for Human
Resources, Community
Consolidated School District 93
