PERFORMANCE STANDARDS FOR SCHOOL LEADERS RUBRIC

EVALUATING PRACTICE OF PRINCIPALS

I. LIVING A MISSION, VISION, AND VALUES FOR RESULTS—The Principal works with the staff and community to build a shared mission, and vision of high expectations that ensures all students are on the path to college and career readiness, and holds staff accountable for results.

Element	Excellent	Proficient	Needs Improvement	Unsatisfactory	Examples of Evidence
a. Coordinates efforts to create and implement a vision for the school and defines desired results and goals that align with the overall school vision and lead to student improvement for all learners					
Collaborates to Develop and Maintain a Shared Vision of High Expectations	Co-creates a shared vision of high expectations with multiple stakeholders; builds staff capacity to maintain and implement a shared vision for high student achievement and college and career readiness	Involves staff and students in developing, maintaining, and implementing a shared vision of high expectations, including college and career readiness, for all students	Develops minimal opportunities for staff and students to learn about a vision of high expectations, including college and career readiness, for all students; gives staff limited input into the development and maintenance of the vision	Does not collaborate to create or maintain a vision of high expectations and does not attempt to ensure all staff to have high academic expectations	<ul style="list-style-type: none"> • There is visible alignment between the vision and the school goals [observations and artifacts: the School Improvement Plan, School Report Card, and grade level goals] • School vision and goals are shared with stakeholder groups [observations and artifacts: presentation to stakeholders] • Building level staff development plan supports and is aligned to the School Improvement Plan and the district vision and mission [observations and artifacts: the School Improvement Plan and the building staff development plan] • Written values and beliefs reflect high expectations for all students [observations and artifacts: school level and grade level goals]
b. Ensures that the school's identity, vision, mission, drive school decisions					
Ensures vision and mission drive school decisions	Uses the vision and mission to make all decisions, uses protocols for making decisions that refer staff and team decisions back to the vision and mission; builds staff capacity to use the vision and mission to make instructional decisions	Uses the vision and mission to make all decisions, creates and uses protocols aligned to the vision and mission to make decisions	Refers to school vision when making decisions but may not be guided by the vision	Actions contradict the school vision or demonstrate inconsistency between stated beliefs and actions	<ul style="list-style-type: none"> • Building wide goals and vision are shared and widely known within the school community [observations and artifacts: posters and newsletters] • Parents, staff and others are clear about academic expectations and homework guidelines [observations and artifacts: homework policy, academic guidelines, parent handbook] • Team meetings focus on improving student achievement [observations and artifacts: team meeting agendas and minutes]

c. Conducts difficult but crucial conversations with individuals, teams, and staff based on student performance data in a timely manner for the purpose of enhancing student learning and results.

<p>Conducts difficult Conversations to Improve Student Results</p>	<p>Builds capacity of staff to address other staff or stakeholders who contradict the vision by displaying low or negative expectations; contests or eliminates practices that contradict the vision and mission supported by student performance data</p>	<p>Addresses areas of underperformance in a timely manner with individuals, teams and staff; proactively leads difficult conversations with staff to improve and enhance student learning and results as necessary</p>	<p>Inconsistently addresses areas of underperformance and/or may only address concerns to a sub-set of the staff; inconsistently holds conversations on improving and enhancing student learning results</p>	<p>Does not address areas of underperformance with staff members; does not hold conversations on improving and enhancing student learning results</p>	<ul style="list-style-type: none"> •School staff development plan addresses difficult conversations to improve and enhance student learning [observations and artifacts: school development plan] •Teacher conversations and meetings are focused on improving student achievement and demonstrate high expectations [observations and artifacts: team meeting minutes or staff development plans] •Faculty meetings are focused on improving results [observations and artifacts: meeting agendas and minutes] •Academic work and homework guidelines are shared with parents, staff and others to ensure that expectations are clear to all [observations and artifacts: homework policy and academic guidelines] •Builds effective professional learning communities within the building that use data to develop plans and strategies to improve student achievement for all students [observations and artifacts: PLC learning agendas and plans] •Rigorous course content is accessible to all students [observations and artifacts: student’s course load, schedules, and sub-group data]

II. LEADING AND MANAGING SYSTEMS CHANGE—The principal creates and implements systems to ensure a safe, orderly, and productive environment for student and adult learning toward the achievement of school and district improvement priorities.

Element	Excellent	Proficient	Needs Improvement	Unsatisfactory	Examples of Evidence
<p>a. Develops, implements, and monitors the outcomes of the school improvement plan and school wide student achievement data results to improve student achievement</p>					
<p>Assesses the Current State of School Performance</p>	<p>Completes a comprehensive assessment of the school’s strengths/weaknesses including an assessment of the school practices and student learning outcomes</p>	<p>Assesses the school by using multiple forms of data (e.g. annual, interim and formative data) and the previous years’ school improvement plan to track, and review progress</p>	<p>Uses limited data to assess current student achievement results and school practices</p>	<p>Does not assess the current state of the school and/or does not use data to assess student achievement or overall school performance</p>	<ul style="list-style-type: none"> • Uses disaggregated student data to determine the current state of the school [observations and artifacts: analysis of data, RTI data and team minutes, formative and summative assessment analysis, and the School Improvement Plan] • School Improvement Plan reflects current state of the school developed through analysis of disaggregated data [observations and artifacts: grade level targets, analysis of data, RTI data and team minutes, formative and summative assessment analysis, and the School Improvement Plan]
<p>Implements a School Improvement Plan Maintaining a Focus on Results</p>	<p>Remains focused on student achievement results at all times; builds staff ownership for the goals and builds capacity of staff to monitor benchmarks and milestones within specific grade or content areas including continuous review of disaggregated data for student groups who have traditionally not been successful in the school</p>	<p>Demonstrates focus on improving student achievement results; keeps the school-wide goals present for staff and stakeholders by referencing goals in all meetings and planning sessions; tracks progress against milestones and benchmarks to monitor, track, and review progress,</p>	<p>Inconsistently focuses on improving student achievement results; refers to goals on an inconsistent basis and does not concretely connect the goals to the day-to-day work of the school and implements a limited number of strategies to reach results</p>	<p>Does not maintain focus on improving results or meeting school goals - rarely refers to goals and does not identify and/or implement strategies to reach results</p>	<ul style="list-style-type: none"> •Faculty assume shared accountability to reach goals [observations and artifacts: staff goals aligned to school goals, school staff development plan, and team meetings focus on student results] • Staff adjust strategies and plans if interim benchmarks are not met [observations and artifacts: grading systems that focus on meeting standards over time, RTI data and meeting minutes, and analysis of disaggregated data] • Student and staff successes are celebrated when milestones and benchmarks are met [observations and artifacts: assemblies and recognition programs]

		and adjusts strategies			
b. Creates a Safe and Orderly Learning Environment					
Builds, evaluates and develops a team of educators and support staff to ensure the learning environment is safe and orderly	Routines and procedures which contribute to an orderly environment are in place, discussed, and implemented; complies with all components of the safety drill and conducts multiple trainings with staff and multiple drills every year; builds staff capacity to lead and manage components of school routines and procedures	Ensures learning environment is conducive to learning and positive; supervises facilities and equipment management to enhance learning and ensures that the school environment is safe; complies with the Illinois Safety Drill Act	Ensures that the school environment is relatively safe and is in basic compliance with the school safety act	Does not ensure that the school is safe; does not comply with the school safety act	<ul style="list-style-type: none"> • Routines and procedures are in place, discussed, and implemented [observations and artifacts: severe weather and drill plans, school crisis plan, completed Illinois drill documentation form, building rules are posted, student handbooks/parent handbook, bus duty hall duty schedules] • School building is clean and safe-all basic facilities are in working order [observations and artifacts; bathrooms, windows, sinks, locks] • Physical plant supports major academic priorities/initiatives [observations and artifacts: reading nooks, improved library, enhanced computer lab, comfortable staff lounge/meeting area]
c. Collaborates with staff to allocate personnel, time, material, and adult learning resources appropriately to achieve the school improvement plan targets					
Allocates Resources to Support Student Learning	Continually assesses and creatively utilizes resources, accessing human and fiscal resources that align to strategic priorities to support the achievement of students; builds capacity of staff to have an appropriate role in the creation and monitoring of budgets within their grade and content areas	Allocates and maximizes resources in alignment with mission and student learning goals, and assesses external resources to fill gaps; ensures that staff have necessary materials, supplies, and equipment; effectively plans and manages a fiscally responsible budget that supports the school's goals, and ensures school is financially secure in the long-term	Sees the school's resources as given and is not knowledgeable of possibilities for accessing alternate human and fiscal resources; develops skills in planning and managing a budget that supports school's goals	Unable to accurately assess and/or leverage school and district resources; does not effectively manage budget	<ul style="list-style-type: none"> • Resources support the core components of academic, social, emotional, behavioral, physical development, educator quality, and learning environment [observations and artifacts: building staff development plan, budget, professional learning structures, and the School Improvement Plan] • Finances and other resources are aligned with strategic priorities [observations and artifacts: budget and run rate] • Support Staff (e.g. ELL, literacy and math teachers, and gifted and talented instructors) are strategically utilized to support the implementation of the School Improvement Plan [observations and artifacts: teacher schedules, the School Improvement Plan, and school budget]
Prioritizes Time	Prioritizes and monitors the use of school time to ensure that staff and student activities focus on improving student learning; organizes how professional time is used and adjusts how time is spent to support student learning activities	Prioritizes the use of school time to ensure that staff and student activities focus on improving student learning; organizes professional time to ensure that high leverage activities and school priority areas that focus on student learning are given adequate time	Prioritizes the use of school time to ensure that staff activities sometimes focus on improving student learning; organizes majority of professional time to the school priorities, but may engage in time wasting or low-impact activities	Does not manage time effectively; does not prioritize activities that will improve student learning and is frequently distracted by time-wasting or low impact activities	<ul style="list-style-type: none"> • Organizes adults into learning communities whose goals are aligned with those of the district and the school [observations and artifacts: Building staff development plan and calendar of professional learning] • School time is focused on the improvement of student achievement in alignment with the School Improvement Plan and the district and school goals [observations and artifacts: periodic assessments, team meetings and team minutes, walk through data]

III. IMPROVING TEACHING AND LEARNING—The principal works with the school staff and community to develop a research-based framework for effective teaching and learning that is refined continuously to improve instruction for all students.

Element	Excellent	Proficient	Needs Improvement	Unsatisfactory	Examples of Evidence
a. Works with and engages staff in the continuous refinement of teaching and learning, maintaining high expectations for student performance in every classroom.					
Reviews Instructional Practices	Ensures goals and student needs are met by using formative and summative assessment data to monitor student progress. Regularly assesses instructional practices and builds teacher capacity to implement a variety of practices that are relevant to student needs and interests, research based, and based on academic rigor and strategies that supports the learning of all students	Assesses instructional practices, identifies a few practices that are research-based, rigorous and relevant that will be implemented school-wide and supports teacher development around those practices	Measures the quality of instructional practices and attempts to articulate research based and rigorous strategies for improving instructional practices	Does not attempt to assess instructional practices and is unable to articulate clear strategies to improve instruction; does not use or attempt to introduce research-based instructional practices	<ul style="list-style-type: none"> • Staff have a broad repertoire of instructional strategies that they reference in their lesson plans [observations and artifacts: staff lesson plans, teacher observations, walkthroughs and evaluations and instructional strategy professional development session plan] • Throughout the school classroom activities are designed to engage students in cognitively challenging work that is aligned to the standards [observations and artifacts: staff lesson plans, walkthroughs, teacher observations and evaluations] • Consistent practices are observable across multiple classrooms [observations and artifacts: lesson plans, walkthroughs and teacher observations]
b. Creates a continuous improvement cycle that uses multiple forms of data and student work samples to support individual, team, and school-wide improvement goals, identify and address areas of improvement and celebrate successes					
Implements Data Driven Decision Making and Instruction	Supports and develops staff ability to analyze data to identify and prioritize needs, to refine and adapt instructional practice, guide grouping, re-teaching, and to identify/prioritize needs and continuous improvement; build staff capacity to use data in determining team and individual goals	Multiple sources are used to drive instructional decisions and uses data appropriately to identify/prioritize school wide areas of improvement; data is routinely used to identify and adjust school-wide priorities and to drive re-teaching plans and changes in practice for individual teachers	Supports staff in using data to identify/prioritize needs; data is used to drive school-wide practices	Unable to lead staff through continuous data review or lacks consistency in implementation	<ul style="list-style-type: none"> • Key data is reviewed at every meeting and all teachers are aware of school and grade targets and have aligned individual targets for their students [observations and artifacts: analysis of data, RTI data and team minutes, formative and summative assessment analysis, the School Improvement Plan, and evidence of how data is used] • Uses disaggregated student data to determine adult priorities, monitor progress, and help sustain continuous improvement [observations and artifacts: analysis of data, RTI data and team minutes, formative and summative assessment analysis, the School Improvement Plan, and evidence of how data is used] • Multiple analyses of student performance data is examined to support informed decision making [observations and artifacts: grade-level performance data, subject-area performance data, classroom level performance data, individual student performance data, student work and evidence of data use in team meetings and planning] • Continuous data review process is in place to ensure that students learned taught material [observations and artifacts: analyses of interim and formative assessments, classroom observations, and re-teaching based on results] • Multiple analyses of student performance data is examined to support informed decision making [observations and artifacts: grade-level performance data, subject-area performance data, classroom level performance data, individual student performance data, and evidence of data use in team meetings and planning] • Clear re-teaching plans are used to guide the work of individual teachers [observations and artifacts: re-teaching plan, teacher observers]

c. Implements student interventions that differentiate instruction based on student needs					
Uses Disaggregated Data	Uses disaggregated data to create structures for differentiation with varied instructional strategies that meet all student needs; focuses all staff on closing achievement gaps between subgroups of students and uses data to quickly determine appropriate interventions for students or subgroups not making progress	Uses disaggregated data to support differentiation and re-teaching but does not ensure that instructional strategies are matched to the needs of all students; engages all staff in analyzing and utilizing disaggregated data to identify school wide and individual students' learning gaps and to determine appropriate interventions	Inconsistently uses data to inform the implementation of differentiation and interventions; introduces staff to data, but may not engage staff in the analysis of data	Does not effectively use data to identify students' learning gaps; does not attempt to ensure that instruction is differentiated based on student need or that students receive appropriate interventions	<ul style="list-style-type: none"> Differentiated classroom activities based on students reading or achievement levels are present in every classroom [observations and artifacts: classroom observations, lesson plans, student work] Disaggregated student data informs instruction [observations and artifacts: analysis of data, RTI data and team minutes, formative and summative assessment analysis, the School Improvement Plan, and evidence of how data is used] Students receive rapid, data-driven interventions matched to current needs, and intervention assignments and schedules are frequently updated to reflect student needs and progress [observations and artifacts: individual student performance data, professional learning on differentiation, RTI Team minutes and data, student work, classroom observations of differentiated instruction] Most effective teachers are teaching the students with the greatest needs for growth [observations and artifacts: student data, teacher evaluation data]
d. Selects and retains teachers with the expertise to deliver instruction that maximizes student learning					
Selects, Assigns and Retains Effective Teachers	Implements a clear selection criteria and strategically assesses and places teachers in grade level and content areas to create a balanced team with a variety of strengths	Has a clear and articulated selection criteria in place and assesses staff skills to place teachers in grade level and content areas	Has a selection criteria and articulates the intention of selecting staff based on grade and content needs, but does not have detailed assessment of staff skills to inform placement	Has no selection criteria and the determination for why teacher selection occurs is not transparent	<ul style="list-style-type: none"> Selection processes focus on matching staff to specific position expectations [observation and artifacts: building staffing plan and interview questions] High percentage of teachers rated effective are recommended for retention [observation and artifacts: school retention data, new staff supports, staff climate survey, and exit interview data]
e. Evaluates the effectiveness of teaching and holds individual teachers accountable for meeting their goals by conducting frequent formal and informal observations in order to provide timely, written feedback on instruction, preparation and classroom environment as part of the district teacher appraisal system.					
Observes Staff, Gives Feedback and Implements Formal Evaluation of Staff	Provides frequent and regular observations with staff getting regular, consistent, and actionable feedback that is specific to each individual's growth/evaluation plan utilizing the District adopted evaluation protocol; ensures that evaluation processes are clear and transparent to all staff	Ensures that systems for observations occur multiple times a year so that staff receive specific feedback utilizing the District adopted evaluation protocol; communicates clear and transparent evaluation processes	Adheres to and completes required observations, but does not differentiate frequency of observation or feedback based on teacher skill and/or need	Observations are infrequent and inconsistent; feedback is vague and general	<ul style="list-style-type: none"> Observation protocol/practice includes not only consistent school-wide expectations but individual teacher development areas and study of specific student sub-groups as identified by data [observation and artifacts: schedule of teacher observation and feedback meetings; written teacher evaluations, and teacher goal setting worksheets] Teachers receive frequent observations and actionable feedback [observation and artifacts: classroom observations, observation records, teacher goal setting worksheets and written feedback] Performance expectations are clear and aligned with district's policies, the school mission and school wide expectations [observation and artifacts: written teacher evaluations aligned to student achievement goals, improvement plans for under performing staff] Rigorous completion of the full evaluation process is completed for every teacher [observation and artifacts: evaluation documentation and consistency between practice ratings and student outcomes over time]

f. Ensures the training, development, and support for high-performing collaborative teams to support adult learning and development to advance student learning and performance					
Develops High Performing Collaborative Instructional Teams	Implements a strategy to build the capacity of teacher teams to lead effective meetings focused on student learning data and student work	Ensures that effective teacher teams use student learning data and student work to advance student outcomes	Introduces common team structures and expectations for teacher teams	Does not create consistent teacher team structures	<ul style="list-style-type: none"> Structures are established for job-embedded collaborative learning [observation and artifacts: professional learning communities, common planning time, protocols for examination of practice designed to guide collaboration] Instructional teams support adult learning and student achievement [observation and artifacts: teacher team conversations about formative student data, teacher team meetings about instructional strategies, instructional consistency, instructional development of staff, building staff development, evaluation data]
g. Supports the system for providing data-driven professional development and sharing of effective practice by thoughtfully providing and protecting staff time intentionally allocated for this purpose					
Implements Professional Learning	Implements a job-embedded professional learning system for consistent support, development, coaching, and peer learning opportunities; allocates regular time for whole group and individual staff development and learning opportunities; creates opportunities for all staff to assume formal or informal leadership roles	Creates multiple structures for teacher learning including large group professional development, grade level and content team specific development; protects staff time for development opportunities; identifies effective teachers and moves them into leadership roles	Relies on whole group development sessions including trainings on how data should be used, with some specific supports	Does not offer professional development and support that is timely, relevant or differentiated	<ul style="list-style-type: none"> Teacher-driven professional development focuses on student learning challenges and progress toward student achievement goals [observation and artifacts: teacher team meetings, building staff development plan, and peer visitations] Staff develop a broad repertoire of instructional strategies that they reference in their lesson plans [observation and artifacts: staff lesson plans, teacher observations, walkthroughs and evaluations and instructional strategy professional development session plan] Structures are established for job-embedded collaborative learning [observation and artifacts: professional learning communities, common planning time, protocols for examination of practice designed to guide collaboration]

IV. BUILDING AND MAINTAINING COLLABORATIVE RELATIONSHIPS—The principal creates a collaborative school community where the school staff, families, and community interact regularly and share ownership for the success of the school.

Element	Excellent	Proficient	Needs Improvement	Unsatisfactory	Examples of Evidence
a. Creates, develops and sustains relationships that result in active student engagement in the learning process by utilizing meaningful feedback from students, staff, families, and community in the evaluation of school programs and policies					
Builds On-going Relationships and Includes all Perspectives	Develops school-wide capacity to establish trusting relationships and supports positive relationships among and between all stakeholder groups. Incorporates many different perspectives and encourages dissenting voices to gain new perspectives and to improve the school's instructional program	Enhances and maintains trusting relationships among and between a variety of stakeholder groups. Incorporates different perspectives into decisions and creates forums to hear multiple and dissenting view points	Articulates a belief that building and maintaining relationships are important, but may not be able to successfully establish or enhance relationships. Does not seek feedback from others	Does not develop positive relationships and/or undermines positive relationships that exist	<ul style="list-style-type: none"> Processes are in place to ensure multiple opportunities for school staff to meet, interact and work with families and members of the community [observations and artifacts: building climate survey results, community and university partnerships] Staff and community members report positive relationships with the principals and other members of the school [observations and artifacts: school climate survey] Community leaders and school system managers are active partners in the leader's decision making process, when appropriate [observations and artifacts: parent advisory agendas and minutes, school leadership team includes parents or community members, times and locations for all meetings are known, school-wide open door policy]

b. Proactively engages families and communities in supporting their child's learning and the schools learning goals					
Engages Families	Creates purposeful two-way links between family presence in the school environment and the instructional program	Respectfully informs families of learning expectations and specific ways they can support their children's learning	Shares the school values with families and with the community	Does not make time to meet with families and is openly disrespectful or dismissive of the role of families	<ul style="list-style-type: none"> Families are appropriately included and invested in the school community [observations and artifacts: parent engagement and survey data, PTO/PTA meeting attendance, student progress reports, parent access to grades, and parent outreach strategy] Families are aware of learning expectations and strategies to support student learning outside the school day [observations and artifacts: parent engagement and survey data, PTO/PTA meeting attendance, student progress reports, parent access to grades, and parent outreach strategy]
c. Demonstrates an understanding of the change process and uses leadership and facilitation skills to manage it effectively					
Manages Change	Focuses all conversations, initiatives and plans on improving student achievement and is relentless in pushing staff to maintain and improve their focus on student outcomes; uses every challenge as an opportunity to learn and develop themselves and their staff. Balances the need to make change within the school while supporting the staff's development of new skills	Recognizes the need to balance change within the school while supporting the staff's ability to learn and develop new skills; Maintains staff focus on student achievement goals and demonstrates persistence for the staff in the face of challenges	Attempts to support staff, but does not effectively manage all needs; struggles to remain focused on school goals when trying to confront and support staff in challenging values, beliefs, assumptions, and/or habits of behavior that may not match the school vision	Does not recognize the role that the change process will have on the school community; does not support staff in changing staff values, beliefs, assumptions, and/or habits of behavior that may not match the school vision; does not maintain staff focus on student achievement goals and does not constructively respond to challenges	<ul style="list-style-type: none"> Staff are supported through the change process [observations and artifacts: professional development on the research on change] Principal outlines multiple tactics and strategies that can be adapted to reach identified goals [observations and artifacts: the School Improvement Plan, formative and summative evaluation data] Processes are in place to identify and address challenges when they arise [observations and artifacts: staff feedback survey data, building climate survey, and superintendent observation]

V. LEADING WITH INTEGRITY AND PROFESSIONALISM—The principal works with the school staff and community to create a positive context for learning by ensuring equity, fulfilling professional responsibilities with honesty and integrity, and serving as a model for the professional behavior of others.

Element	Excellent	Proficient	Needs Improvement	Unsatisfactory	Examples of Evidence
a. Create and supports a climate that values, accepts and understands diversity in culture and point of view					
Models Equity and Dignity Recognizing the Strengths of a Diverse Population	Develops structures, outreach and training to ensure that staff develop the skill set to treat all people equitably and with respect; Recognizes and integrates the learning opportunities that come from a diverse community	Upholds the foundations of mutual respect for all stakeholders and meets all legal requirements for work relationships; takes swift appropriate actions when inappropriate conduct is reported or observed; Examines and addresses any school structures or school practices that limit the participation of groups of students and families	Meets all legal requirements for work relationships; takes limited actions when inappropriate conduct is reported or observed;	Does not treat and/or ensure that all stakeholders are treated respectfully and does not meet all legal requirements for work relationships; does not take swift appropriate actions when inappropriate conduct is reported or observed; Demonstrates limited awareness of the impact of diversity on student learning	<ul style="list-style-type: none"> All staff are treated with respect and conflicts are dealt with quickly and efficiently [observations and artifacts: conflict resolution protocol, building staff development plan, disciplinary report data] School actively creates opportunities for all community members to support diverse student needs [observations and artifacts: professional learning activities build capacity of staff to support diverse student needs] Opportunities exist for students to be in diverse settings and to learn about diverse cultures [observations and artifacts: partnerships with schools that may have different populations, intra-school conversations for students to explore culture and diversity]

Creates a Culturally Responsive Climate	Engages staff in learning and action planning around the treatment of and supports for diverse groups in and outside the school; Develops staff capacity to engage in conversations about diversity and culture—and how they impact student learning	Provides differentiated professional development to teachers and staff to improve their understanding of how their own world views inform their interpretation of the world and addresses and correct moments of cultural incompetence; Initiates direct conversations about culture and diversity, and how they impact student learning	Provides whole group undifferentiated professional development about working in and supporting a diverse community and attempts to address moments of cultural incompetence	Does not address or correct intolerant or culturally incompetent statements and does not create an environment that supports all students	<ul style="list-style-type: none"> • Staff participate in and lead learning experiences where they explore their personal assumptions and their approach to diversity [observations and artifacts: building staff development plan] • Conversations about culture and diversity occur regularly [observations and artifacts: PTA/PTO meetings, professional learning conversations to develop staff capacity to initiate conversations about culture and diversity]
b. Demonstrates personal and professional standards and conduct that enhance the image of the school and the educational profession. Protects the rights and confidentiality of students and staff					
Protects Rights and Confidentiality	Develops systems to ensure that confidentiality of student information (e.g. counseling, mental health supports, and/or details of the student's home life) is maintained	Follows FERPA by maintaining student's privacy by keeping all information directly related to students confidential (e.g. counseling, mental health supports, and/or details of the student's home life)	Implements most parts of FERPA in a manner consistent with the law	Does not follow FERPA protocols or policies to maintain and protect student privacy and does not address staff who do not follow FERPA	<ul style="list-style-type: none"> • Staff are aware of the laws, policies, procedures and guidelines around student confidentiality [observations and artifacts: FERPA training, volunteer and staff confidentiality statements, and parent notification of rights] • Parents are aware of their rights [observations and artifacts: parent handbook, protocols for sharing IEP minutes]

VI. CREATING AND SUSTAINING A CULTURE OF HIGH EXPECTATIONS—The principal works with staff and community to build a culture of high expectations and aspirations for every student by setting clear staff and student expectations for positive learning behaviors and by focusing on students' social-emotional learning.

Element	Excellent	Proficient	Needs Improvement	Unsatisfactory	Examples of Evidence
a. Builds a culture of high aspirations and achievement for every student					
Develops a Student Goal Setting Process	Creates systems for students to develop goals, create a plan on how they will reach their goals, benchmarks to track their progress, and teaches students how to adapt their goals and plans as necessary; creates systems for sharing goals and learning	Implements a system where students create short and long term goals; ensures that students review goals at the end of the year, but may not ensure that goals are adapted and adjusted throughout the year	Introduces formal goal setting process where students identify goals and create a plan on how they will reach their goals	Does not create or support goal setting structures for students	<ul style="list-style-type: none"> • Students track their own progress [observations and artifacts: student portfolios, evidence of students tracking their own progress, and student surveys]
b. Leads a school culture and environment that successfully develops students' social emotional learning capacities					
Creates a Culture that Supports Social Emotional Learning	Builds the capacity of adults to use and train others on the five Illinois Social-Emotional Learning Competencies (self-awareness; self-management; social awareness; relationships skills and responsible decision making); uses a variety of assessments to gauge the SEL skills of students and uses that data to develop additional	Trains adults on how to support positive student growth through the development of the Illinois Social-Emotional Learning Competencies (self-awareness; self-management; social awareness; relationships skills and responsible decision making); uses a variety of assessments	Shares the Illinois Social-Emotional Learning Competencies (self-awareness; self-management; social awareness; relationships skills and responsible decision making); uses a limited amount of tools and assessments to gauge the SEL skills of students	Does not share or implement the Illinois Social-Emotions Learning Competencies; does not assess student SEL skills and does not support the development of SEL skills	<ul style="list-style-type: none"> • Adults support SEL skill development [observations and artifacts: referral data, student survey] • Students demonstrate an increase in SEL skills [observations and artifacts: student referral data and positive relationship] • Appropriate socio-emotional supports are provided to all students [observations and artifacts: Building staff development plan, teacher training on SEL, and observation and walkthrough data]

	curriculum and supports; builds the capacity of all adults to support the positive growth of student emotional skills	to gauge the SEL skills of students and uses that data to develop additional curriculum and supports			<ul style="list-style-type: none"> • Core components of social, emotional, behavioral supports are in place to support student learning [observations and artifacts: teacher lesson plans, student survey data, positive peer, family, and work relationships]
c. Requires staff and students to demonstrate consistent values and positive behaviors aligned to the school's vision and mission					
Translates the School Values into Specific Behaviors	Collaborates to translate the school values into specific age-appropriate behaviors; ensures that all staff and students learn and demonstrate the expected behaviors; implements systems for students to demonstrate expected behaviors that are monitored by staff	Develops clear expectations for student conduct based on the school values and beliefs and identifies clear positive and negative consequences; ensures that every adult understands their role in implementing both positive and negative consequences and that consequences are consistently implemented	Develops components of an effective system of conduct for staff and students and builds staff agreement on the types of student actions that are consistent with school value and behaviors; creates consistent responses and consequences for students who have had behavioral infractions in the past	Does not make values or behavioral expectations clear to staff or students; Tolerates discipline violations and enforces code of conduct inconsistently	<ul style="list-style-type: none"> • Values and behaviors are referenced in daily school structures: [observations and artifacts: School Improvement Plan, code of conduct, parent/student handbook, and referral logs - discipline, tardies, absences] • A system of positive and negative consequences is consistent with the school values (with age appropriate differentiation) across classrooms, grades and content areas [observations and artifacts, code of conduct, parent/student handbook, referral logs - discipline, tardies, absences] • Written values and beliefs reflect high expectations for all students [observations and artifacts: school level and grade level goals] • School-wide code of conduct aligned with district and school priorities is in place [observations and artifacts: consistent code of conduct across classrooms, data on attendance, tardies, and office referrals, analysis of students most frequently referred] • Code of conduct is consistently implemented across all settings [observations and artifacts: positive recognition of students and staff who consistently demonstrate positive behaviors] • Effective effort is acknowledged and celebrated [observations and artifacts: assemblies, community service programs, teacher observation and walkthrough data, student recognition for effort]
